## **"centennial" vs. "centurial" - describing periods of 100 years**

relating to 100 years : marking or beginning a century, with the example "the centurial years 1600 and 1700". But there is a word that is widely used to indicate the range of years or centuries covered by an article or book: history.

## **"a 100" vs "100" - English Language & Usage Stack Exchange**

The flow rate increases 100-fold (one hundred-fold) Would be a more idiomatic way of saying this, however, the questioner asks specifically about the original phrasing. The above Ngram search would suggest that a one hundred has always been less frequently used in written language and as such should probably be avoided. Your other suggestion of by one hundred times is definitely better than a ...

## **Is it proper to state percentages greater than 100%? [closed]**

People often say that percentages greater than 100 make no sense because you can't have more than all of something. This is simply silly and mathematically ignorant. A percentage is just a ratio between two numbers. There are many situations where it is perfectly reasonable for the numerator of a fraction to be greater than the denominator.

## **Why is "a 100% increase" the same amount as "a two-fold increase"?**

24 Yes, the correct usage is that 100% increase is the same as a two-fold increase. The reason is that when using percentages we are referring to the difference between the final amount and the initial amount as a fraction (or percent) of the original amount.

## **What was the first use of the saying, "You miss 100% of the shots you ...**

You miss 100 percent of the shots you don't take. 1991 Burton W. Kanter, "AARP—Asset Accumulation, Retention and Protection," Taxes 69: 717: "Wayne Gretzky, relating the comment of one of his early coaches who, frustrated by his lack of scoring in an important game told him, 'You miss 100% of the shots you never take.'" ...

## **Is It Ok To Write "100%" In A Formal Text? - English**

## Language & Usage ...

The type of writing you are doing also plays into your decision. For example, in legally binding documents, like contracts or exhibits to contracts, the spelled out number is the legally binding number. So if a text said that, "you are 99% (one-hundred percent) responsible", the 100% number would be legally binding, not 99%.

### **word choice - Is it less than \$100 or under \$100? Is it more than \$100 ...**

All of your variants are grammatically correct, and will be easily understood by native English speakers. The less than X is idiomatically identical to under X when referring to monetary amounts, as is more than X with over X. However, if your audience is international, you might prefer to say items costing less than X or items costing more than X simply to avoid any possibility of confusion ...

### **How do you say 100,000,000,000,000,000,000 in words?**

37 Wikipedia lists large scale numbers here. As only the  $10^x$  with x being a multiple of 3 get their own names, you read 100,000,000,000,000,000,000 as  $100 \times 10^{18}$ , so this is 100 quintillion in American and British English and 100 trillion in most (non-English speaking) other places.

### **phrase usage - Is "100% correct pronunciation" an understandable ...**

'100% correct' is grammatically correct in this context, though the organization of the sentence is a bit atypical for many more formal dialects of English and may be difficult for some people to understand without having to think a bit (I would instead restructure things as suggested at the end of Astralbee's answer as that resolves both ...
