Scan and Send Issues!! Code #801 - Copytechnet.com

#801 [SMB] Sending to a shared folder Cause= -The destination is full or out of available free space to write to. -The user account does not have proper privileges or enough disk space quota available for this user account to write to this destination. -The SMB client setting is not turned ON or not properly configured on the copier/machine.

Canon iR4080 - Scan to e-mail End Code 801 and 899

Canon iR4080 - Scan to e-mail End Code 801 and 899 01-08-2008, 10:26 PM Hi, I have a very strange issue that popped up with about 6 of our canon iR4080 Copiers. About a month ago they all started having issues reaching the SMTP server to send a scanned document to email.

IR3300 error #801 during SMB scanning - Copytechnet.com

I do not have access to the server to check permissions on the folder (I did see that "801" is a write permissions issue). But I can explore from the users workstation to the folders, and have tried making a new one touch with the same directory info (\\server\data 1st line entry, \office\scans\username 2nd line entry and her logon credentials ...

#801 [SMB] Sending to a shared folder Cause/ Remedy -The destination is full or out of available free space to write to. -The user account does not have proper privileges or enough disk space quota available for this user account to write to this destination. -The SMB client setting is not turned ON or not properly configured on the copier/machine.

Scan to email issues Canon 1025if - Copytechnet.com

Re: Scan to email issues Canon 1025if Gmail The following are the Gmail SMTP server and port settings for sending emails through Gmail from any email client program: Under Outgoing mail, set Gmail SMTP server address as smtp.gmail.com. Configure Gmail SMTP user name as: your full Gmail address (including @gmail.com) Google Apps users may have to enter username@your_domain.com. Configure Gmail ...

SMTP Rejected my Scanned files from a MP C2550

Re: SMTP Rejected my Scanned files from a MP C2550 TLS is not supported for SMTP Authentication I would recommend configuring an Externally Secured Recieve Connector if using Exchange SMTP SSL Directions below How to setup SMTP over SSL on a Ricoh Family group device? Notes: This procedure enables the use of SMTP over SSL using Port 465 (this port number cannot be changed). Some mail servers ...

Scan-to-email using Office365 with MFA - Copytechnet.com

Re: Scan-to-email using Office365 with MFA Good question, same here. We can't seem to set up a scan to office365 mail server anymore since about 6 months? Is there a way to set it up without extra payment? Is smtp2go a solution? Oh so much thanks in advance.
