American Heart Association CPR and First Aid

The American Heart Association sets the standard for resuscitation education and training. Our evidence-based guidelines form the foundation of first aid, CPR and ECC training.

Atlas- AHA

As the authority in resuscitation science, research and training, we publish the official AHA Guidelines for Cardiopulmonary Resuscitation (CPR) and Emergency Cardiovascular Care (ECC).

2026 Guideline for the Early Management of Patients With Acute Ischemic ...

The "2026 Guideline for the Early Management of Patients With AIS" replaces the "2018 Guidelines for the Early Management of Patients With AIS" and the 2019 update to reflect recent advances in evidence. This updated guideline is intended to provide a comprehensive, up-to-date, evidence-based set of recommendations, advising management from prehospital evaluation through acute ...
