Angewandte Chemie International Edition: Vol 64, No 48

In their Research Article (e202516010), Tingjie Xu et al. demonstrate a unique combination of high stiffness, self-healing ability, and multi-stimuli responsiveness. This system offers a versatile and programmable platform for diverse applications in biomedicine and biocatalysis.

Angewandte Chemie International Edition: Early View

Specific high affinity recognition of colchicine by an engineered anticalin involves loop dynamics and conformational selection. A spatial molecular assembly strategy enables the synthesis of enantioenriched mechanically planar chiral rotaxanes.

Angewandte Chemie International Edition - Wiley Online Library

Angewandte Chemie International Edition is one of the prime chemistry journals in the world, publishing research articles, highlights, communications and reviews across all areas of chemistry.

Acie - YouTube

Hey guys, my name is Acie! I am a content creator for Team Liquid, I mostly play Apex Legends but sometimes throw in a bit of variety too! Enjoy the content.

Angewandte Chemie International Edition - Wiley Online Library

Angewandte Chemie is a journal of the German Chemical Society (GDCh). With an excellent Impact Factor of 16.9 (2024 Journal Citation Reports, Clarivate, 2025), the journal is maintaining its leading position among scholarly journals with a focus on general chemistry.
