American Heart Association CPR and First Aid

The American Heart Association sets the standard for resuscitation education and training. Our evidence-based guidelines form the foundation of first aid, CPR and ECC training.

Atlas- AHA

As the authority in resuscitation science, research and training, we publish the official AHA Guidelines for Cardiopulmonary Resuscitation (CPR) and Emergency Cardiovascular Care (ECC).

2026 Guideline for the Early Management of Patients With Acute Ischemic ...

The "2026 Guideline for the Early Management of Patients With AIS" replaces the "2018 Guidelines for the Early Management of Patients With AIS" and the 2019 update to reflect recent advances in evidence. This updated guideline is intended to provide a comprehensive, up-to-date, evidence-based set of recommendations, advising management from prehospital evaluation through acute ...

2025

AHA/ACC/AANP/AAPA/ABC/ACCP/ACPM/AGS/AMA/ASPC/NM A/PCNA/SGIM ...

The focus of this clinical practice guideline is to create a living, working document updating current knowledge in the field of high blood pressure aimed at all practicing primary care and specialty clinicians who manage patients with hypertension.

About Us | American Heart Association

From humble beginnings, the AHA has grown into the nation's oldest and largest voluntary organization dedicated to fighting heart disease and stroke. A shared focus on cardiovascular health unites our more than 35 million volunteers and supporters as well as our more than 3,300 employees.

Welcome to the AHA/ASA Newsroom | American Heart Association

The goal of the American Heart Association's Nation of Lifesavers™ is to turn bystanders into lifesavers, so that in the time of cardiac emergency anyone, anywhere is prepared and empowered to become a vital link in the chain of survival and provide CPR.

Health Topics - American Heart Association

Learn the facts about heart conditions and stroke so you can increase your confidence in making changes to improve and maintain your health. Learn the top 10 takeaways from the new high blood pressure guideline: dementia risks, heart disease prevention, pregnancy concerns, when to seek emergency care and more.

American Heart Association International

The AHA partners with leading heart and health organizations around the world to gather and review resuscitation science and publish the AHA Guidelines for CPR and ECC, which serves as the basis for products that bring that lifesaving science to life.
