## Stop Downtime & Business Disruption | Absolute Security

"I can sleep at night because of Absolute Security. As a CIO, Absolute Secure Endpoint gives me peace of mind. It has strengthened our security posture, allowing us to stay in compliance and giving us that extra level of comfort."

## Customer & Partner Login | Absolute Security

If you're an Absolute customer, log in to the [Absolute console](#). If you're an Absolute partner, log in to our [Partner Portal](#).

## About Us | Absolute Security

Today, Absolute Security users can see all of their devices from a single pane of glass, remotely query and remediate them at scale, and even extend Persistence to the rest of their mission-critical applications, enabling true resilience across their organizations.

# Absolute

© 1999- 2026 Absolute Software Corporation. All rights reserved. Absolute v10.1 | Privacy Policy

## Absolute for Cybersecurity & Compliance | Absolute Security

Device and data security doesn't need to be complicated. Absolute gives security teams an always-on, tamper-proof connection to every device, on or off the network.

## Technical Support | Absolute Security

Absolute provides global telephone support in multiple languages so you get the information you need quickly. We also provide a customer console that allows you to log in, view devices, and report a theft.

# Absolute Core | Absolute Security

Absolute Core enables remote, deskless, field, and hybrid workers to securely access applications regardless of their location. It's built from the ground-up for mobile-first organizations with a better experience for users and rich controls for IT.

## **Pare o tempo de inatividade e as interrupções nos negócios | Absolute ...**

Somente a Absolute Security cria uma conexão inquebrável entre o firmware do dispositivo e a plataforma Absolute. Somente a plataforma e os dados da Absolute Security oferecem de forma única resiliência cibernética em toda a sua pilha de segurança.

### **Absolute Control | Absolute Security**

Absolute Control gives you full visibility and command over every device in your endpoint population. Keep sensitive data safe by creating boundaries with geofencing, and remotely delete data or freeze individual compromised devices — even if they're off network.
