How to disable AI autocomplete in VS Code? - Stack Overflow

In around July 2025, VS Code introduced some kind of AI autocomplete. I want to turn it off. All the previous options like `github.copilot.enable` or `github.copilot.editor.enableAutoCompletions` don't...

"Csc.exe" exited with code -1073741819 - Stack Overflow

4 For the problem `csc-exe-exited-with-code-1073741819` I repaired Visual C++ 2015 Redistributable (x86). This worked for me. repair Visual C++ 2015 Redistributable. I found about this problem when uninstalling and then reinstalling VS2015. After the setup is completed it says that some items are not installed correctly.

Jupyter Notebook extension Visual Studio Code stuck "connecting to ..."

However, after being away for two days, when I opened my project again and tried to run my code starting with importing pandas in the Interactive Window, it kept getting stuck at "Connecting to kernel". I've already performed a clean uninstall and reinstalled Visual Studio Code, Jupyter, and Python, but the issue remains the same.

How can I download .vsix files now that the Visual Studio Code ...

Clone or download the extension code to your local directory. In your local directory with the copy of the product, run command: `vsce package`. This way, you can recreate a .vsix version of the package not only for the version presented at the Visual Studio Marketplace but for any earlier release.

Process finished with exit code -1073741571 - Stack Overflow

`import sys sys.setrecursionlimit(5000)` However, whatever value I use for the depth, I cannot get the result I want. Either I still get the exception, or else the program just halts with no output on the screen but: Process finished with exit code -1073741571. How can I solve the problem?

What does Error-code 0xc0000135 (or -1073741515 Exit-code) mean when ...

What does Error-code 0xc0000135 (or -1073741515 Exit-code) mean when starting a Windows app?

Process finished with exit code -1073741515 (0xC0000135)

Process finished with exit code -1073741515 (0xC0000135) I don't get any other results - not even from "print" commands at the beginning of the file. I haven't found anything specific to that. I re-installed python (2.7.9), pygame (1.9.1) and even pycharm (tried 4.5 first, now with 5.0 - same result) Does anyone know what that error code means?

vs code not opening up in windows - Stack Overflow

Visual studio code recently disabled access to unc (windows network drive) paths by default, unless they are on an allow-list. I suspect there's a bug where if your windows user profile is mounted on a unc path, this can prevent vscode from starting up

How to indent/format a selection of code in Visual Studio Code?

279 I want to indent a specific section of code in Visual Studio Code. I read How do you format code in Visual Studio Code? that gives shortcuts to indent the whole code, but it doesn't work when selecting a specific section of code. I tried Ctrl + Shift + F after selecting some line in my code, but the whole file is indented.

How can I comment multiple lines in Visual Studio Code?

I cannot find a way to comment and uncomment multiple lines of code in Visual Studio Code. Is it possible to comment and uncomment multiple lines in Visual Studio Code using some shortcut? If yes, ...
