Is this website harmful? : r/cybersecurity_help - Reddit

I downloaded a book pdf from Dokumen pub and checked some reviews most were positive but there were some warning about identity theft and malware from the website. Anyone know whether the website is safe/download is safe or I should delete it immediately? (I ran the pdf file through virustotal and it said there were no security.

Does anyone know a free online book website something. :/ : r ... - Reddit

Just search up the title + pdf, you might find free pdf copies. Usually from dokumen pub. Otherwise, internet archive has some books but not super reliable imo. I've never used zlib or libgenesis but those were popular free pdf book sites
