Overheating! | Dodge Dart Forum

I NEED HELP! my car overheats to 244 degrees Fahrenheit while on idle! It doesn't happen all the time, only on long drive around an hour long. It has a motor swap with 87k miles. New thermostat, new water pump, new coolant reservoir, new radiator hoses, new coolant reservoir cap. I did an...

Replaced MultiAir Actuator now there's crank but no... - Dodge Dart Forum

2014 Dodge Dart SXT 2.4L I replaced the MultiAir "brick" because I kept getting a p1067. The code would go away after changing the oil but recently the code...

Manual transmission fluid change - Dodge Dart Forum

The FSM says: Change the transmission fluid (manual, or 1.4L turbo automatic) if using your vehicle for any of the following: trailer towing, heavy loading, taxi, police, delivery service (commercial service), off-road, desert operation or more than 50% of your driving is at sustained speeds during hot weather, above 90°F (32°C). Recommended at 50,000 and 100,000 miles.

Factory OAT Coolant Equivalent - Dodge Dart Forum

So just wanted to post this since I could not find a clear answer either online or on the forums. I was looking for a readily available coolant replacement that meets the spec's of the Dodge OAT coolant with the Chrysler Material Standard MS-12106. I went to Prestone's website and they...

2013 1.4l Turbo Service Transmission P1CC0 - Dodge Dart Forum

Hey everyone, been doing some digging around and this seems to be like a pretty common issue with this year of dodge. Unfortunately I haven't had too much luck with anyone being able to point

out the exact issue. I remote started my car today, and as I was walking out the remote start aborted...

Right Headlight Stopped Working - Dodge Dart Forum

Hi, I have a 2013 Dodge Dart SXT 1.4 turbocharged recently my right headlight went out I replaced the bulb and it still not working wires and connector are...

Problem with remote start | Dodge Dart Forum

If your Dart is having this problem, see your Dodge Dealer as this repair is covered by Chrysler. I'll mention it when I get my oil changed.

Fuse locations and specifications - Dodge Dart Forum

Interior Fuses The interior fuse panel is part of the Body Control Module (BCM) and is located on the driver's side under the instrument panel. Interior Power Distribution Center An interior power distribution center located driver side under the dash to the side of the steering...
