## **Difference Between "en" and "en-us" Language Tags**

I have a client with a site translated into many different languages. My agency is tasked with just optimizing and ranking the /en-us/ version. However, they have a "global" /en/ version of the site with the same content, so here's my question: what exactly is the difference, if any, between the en and en-us language indicators? Would having both of them on the site be hurting our rankings in ...
