Guide for authors - Engineering - ISSN 2095-8099 - ScienceDirect

Research Article (up to ~6000 words, including 3~5 keywords, an abstract, an introduction, main body, brief subheadings, a conclusion, figures or tables, and references.) are original, unpublished primary research. They are expected to discuss hot topics, areas of interest, challenges, and prospects in engineering science and technology (EST) development, and present a major and cutting-edge ...

Engineering | Journal | ScienceDirect.com by Elsevier

The official journal of the and is an international open-access journal that was launched by the Chinese Academy of Engineering (CAE) in 2015. Its aims are to provide a high-level platform where cutting-edge advancements in engineering R&D, current major research outputs, and key achievements can be disseminated and shared; to report progress in engineering science, discuss hot topics, areas ...

Editorial board - Chemical Engineering Science - ScienceDirect

Martha Grover Georgia Institute of Technology School of Chemical and Biomolecular Engineering, Atlanta, Georgia, United States View full biography

Research progress of hydrogenation of carbon dioxide to ethanol

The study confirmed that Ga played a regulatory role in the electronic structure between Cu and Co, facilitating the reduction of Cu and Co and resulting in the formation of a Cu-CoGaO_x and Cu + - CoGaO_x interface structure.
