Legality of downloading eBooks for free if you own the printed copy

As explained in this article from the Consumerist magazine, it's completely ethical to download the eBook versions of books you already own, but it's illegal in the US.

MacUpdate Under New Ownership (again!) | MacRumors Forums

Director has been named in lawsuits due to Zeobit's business "ethics". Won't link but you can look it up if you care "ariregister 16910282". Seems they're still at it, just trying to give the appearance of being at arms length... Personally I won't be downloading anything from there, or trusting it for reviews.

Apple Releases New Firmware for iPad Pro and iPad Air Magic Keyboards

The new firmware is available for both the 11-inch and 13-inch iPad Pro Magic Keyboard options that Apple sells for the M4 and M5 iPad Pro models, as well as the version that Apple sells for the M3 iPad Air. Apple overhauled the Magic Keyboard in May 2024 alongside the launch of the M4 iPad Pro. The updated keyboard has the same floating cantilevered design as the prior version, but it ...

iPad Nanotexture for media consumption vs MBA vs iPad Air

So I'm clearly going down a rabbit hole (it's unhealthy i know). I have the option to get an M4 iPad Pro 13 inch (1tb, cellular) for £1200 (for non UK people, equivalent model was 2200 when it released) or an M4 iPad Pro 13 inch (1tb, cellular with Nanotexture) for £1295. Both are an...

Does anyone know how to locate a hidden orbi in a home buried under ...

Just as the post say I have a malicious orbi in my home I cannot locate but can see the WiFi signal for four networks and there is also unauthorized nether routers/ what agency does this to people? How can I find the routers?

What is the process for battery replacement at the Apple store?

If Coconut Battery is reporting 80%, Apple's battery check utility will report something higher, and they won't replace the battery.

Apple rejected my subscription refund request even though a service was ...

When businesses put profits before ethics, it's only a matter of time before they will crash and burn. Sounds like something went wrong in the workflow, and you got improper advice that in effect closed the door to future appeals. I think throwing words like unethical, scams, may not be fully justified because of this unfortunate event.

iPadOS 26 external display - MacRumors Forums

I've seen little about iPadOS 26 and external display support if I'm honest, even amongst all the 'ipads now replace Macs' hype. These discussions or videos often focus on the iPad on its own, then often conclude that actually they don't quite replace Macs for most people, but disregard one of...

How to delete this APFS snapshot? - MacRumors Forums

I updated MacBook Air (base model, M1) to 11.0.1 today and did a reset. Now I have this 17 GB volume, which disk utility reports as "APFS system snapshot". This is just after a fresh install, and I don't have time machine activated on this MacBook. How do I delete this and get the space back...

What iPhone 17 Model & Color Are You Getting? | MacRumors Forums

The lack of black on the Pro completely changed my mind this year. I think this is an "X" year - go with the exclusive, special model and downgrade on screen size.
