Homepage - ECHA

The European Chemicals Agency (ECHA) takes on new responsibilities under the EU's One Substance, One Assessment (OSOA) package. Working closely with other EU agencies and authorities, ECHA will lead efforts to build a common data platform on chemicals, streamline assessments, and strengthen collaboration to better protect human health and the environment.

Search for chemicals - ECHA

Search for chemicals Search for REACH registrations ECHA CHEM has now resumed normal operations and is again serving users with up-to-date information from REACH registrations submitted to ECHA and C&L Inventory. Circa 300 registration dossiers remain unavailable following a technical problem and will be restored in the coming months.
