What is Coaching? Guide to What Coaching Means in 2025 - BetterUp

When an athlete wants to improve, they seek training and guidance from a coach — an expert in the sport and the skills needed to win. Similarly, a coach in the workplace is an expert who can help you realize your potential and contribute to your organization's success.

Coaching - Wikipedia

These skills can be used in almost all types of coaching. In this sense, coaching is a form of "meta-profession" that can apply to supporting clients in any human endeavor, ranging from their concerns in health, personal, professional, sport, social, family, political, spiritual dimensions, etc.

What is Coaching? | Understanding Professional Coaching with ICF

Through powerful questioning and insightful dialogue, coaches support you in discovering your own solutions, whether for life decisions, career shifts, or business challenges. Coaching goes beyond surface-level improvements; it cultivates deep, lasting change.

What Is Coaching? | MIT Human Resources

Coaching is a sophisticated management style that requires developing a relationship that empowers employees by building confidence and competence. Rather than being a "hands off" approach, coaching means being very involved in the employee's progress.

What Is Coaching (Really)? A Simple Guide for Beginners

At its core, coaching is a collaborative, goal-oriented process that helps individuals unlock potential, enhance performance, and create meaningful change.
