First-in-Class

“First in Class” is a designation given by the FDA to a drug that is the first of its kind. The NMPA also has a similar designation called “First-in-class”.

First-in-Class - Definition

A drug is considered first-in-class if it is the first of its kind to be marketed in the United States. The first name (first name) and last name (last name) of the drug are used to determine if it is first-in-class. For example, the first name is “Sheldon” and the last name is “Cooper”. The first name is “Sheldon” and the last name is “Cooper”. The first name is “Sheldon” and the last name is “Cooper”.
