Is 'group' singular or plural? : r/grammar - Reddit

The noun "group" is a ' collective noun '. A collective noun (group, family, company, team) usually takes a singular verb when the members of the group are acting together as a unit. Ex.: The family is packing for a trip. A collective noun can take a plural verb when the members of the group are acting as individuals. Ex.: The couple are taking separate cars to work today. Find and join a group - Google Groups Help

Click the group Join group. If you don't find any option to join the group or instead find Ask to join group or Contact owners and managers, go to Request to join a group (below). Anyone who can view the group's members can see your Google profile. If you don't want your profile to be visible: Uncheck the Link to my Google account profile ...

Unclear on joining an existing ironman group : r/ironscape - Reddit

You can only join groups with a progressed ironman account if all groups are green helms. Unranked group ironmen. This is separate from losing group prestige since that only removes the star mark on that group's hiscores page. The possibility of freely joining and leaving groups allows the possibility of item transfers. Be aware that if you do this you will catch flak for "being a main ...

Exclude Devices From Dynamic Group : r/Intune - Reddit

Hello everyone, So i have a dynamic group that has a membership rule to catch all the devices inside the organization once they get in autopilot. Now i have some devices that i would like to exclude from this dynamic group, the question is you cant exclude manually in a dynamic group, just with dynamic membership rules. Things i've tried: -Create a group with all the computers and add the rule ...
