How can I find the recovery key for my Ma... - Apple Community

Click Turn On, click Use Recovery Key, then enter the password for your Mac. if you cannot find it, it means that you have already set up a recovery key, and that key is meant to be stored somewhere safe

M2 MacBook Pro 14" F6 key - Apple Community

M2 MacBook Pro 14" F6 key This might seem like a dumb question, and I thought I had a decent grasp of Apple hardware. But on my new M2 14" MacBook Pro, the F6 key has the half-moon icon. I assume it's something to do with Focus/Do not Disturb. I believe it should really be labeled "Does not do Anything".

Apple has changed the soft return key com... - Apple Community

The control key is a modifier key by the definition that it modifies the function of other keys. I use it every day for keyboard shortcuts. For example, I use CTRL-numpad zero to move and resize a window to the left half of the screen. You're right that fn-SHIFT-retun was a mistake: I meant fn-CTRL-return. Unfortunately I can't correct that any ...

Phone keypad does not work during calls, ... - Apple Community

You press the key. Nothing happens. The automated call system continues; it may ask you to press a key again. By default the iPhone does not send the keypress. To fix it do this: Open Settings. Scroll down to Apps. Scroll down to Phone. Select Incoming Calls. Change the option from Banner to Full Screen. Done.

Key Repeat No Longer Functioning - Apple Community

Key Repeat No Longer Functioning At some point during the recent past, key repeat has stopped working. When I hold down any key, instead of the key repeating, a bubble appears over the cursor which appears to contain the unicode character options for that letter, if any are available. Letters that do not have optional unicode characters show ...

mdm key? - Apple Community

mdm key? I just bought a macbook pro 2019 m1 laptop. and its asking for a mdm key? Posted on Apr 26, 2023 12:22 PM

how to find the lost recovery key - Apple Community

In the pop-up window, enter your Recovery Key. Go to the Security section and click Edit. Remove the device you no longer wish to use to verify your identity. If you have additional devices with Find My iPhone enabled, you can verify them as trusted devices. You can also add additional trusted phone numbers. If you lost your Recovery Key

Where to find the 28-letter recovery key ... - Apple Community

Where to find the 28-letter recovery key after creating it on iPhone? I have created a new recovery key. the settings app shows that this was done, because it now says the recovery key is on. However, I have looked everywhere and cannot find the 28 letter code, which intend to print. it sounds really stupid, but I am seriously stuck.

turn on numeric pad on magic keyboard - Apple Community

Press the Num Lock key. If you have a separate numeric keypad on your keyboard, the Num Lock key is located in the numeric keypad. If your keyboard has a separate keypad but no Num Lock key, try pressing Shift-Delete.

Mac accepts only 24 recovery key characte... - Apple Community

A FileVault Recovery Key is 24 characters, while an Apple Account Recovery Key is 28 characters. Given where you're posting this is not the Apple Account community, I'll assume the forgotten password is the macOS login password, and not a forgotten Apple Account password. Here are the options for resetting the macOS login password: If you forgot your Mac login password - Apple Support If you ...
