

Logmein123 Remote support Question - HP Support Community - 6145581

Does HP use Logmein123 for remote support for their products or is this a scam that they are trying to get me to give them access to my computer? I am trying to solve some connecting problems between my printer and my computer home network and when I phoned this number [edit] for support the pers...

How to install Logmein123 client silently and provide all permissions for ...

Here is the use case: - We have servers that non-IT staff don't have login access - An application is running on the server - From time to time, we need vendor support to troubleshoot the application - At this time, IT needs to sign into the server, use the code vendor support provided, install logmein123 client, and grant vendor support remote access - This business runs 24x7, and IT cannot ...

How do I cancel my subscription? | GoTo Community - 220811

I wanna cancel my subscription, I looked all over the website and theres no way to cancel. I need that money in my account and your taking it from me without even letting me cancel. I don't use this service anymore nor want it. Please cancel it and give me that money back, I need that money.

end user client software? - GoTo Community

I've got a few end users that regularly have vendors connect to our computers via logmein123.com, every time our security software scans the exe file and sometimes causes timeout issues due to length of scan. Do you have an end user client that we can have pre-installed by IT so we can just type in the 6 digit code when support is needed?

does HP Instant Ink Support use logmein rescue?

I had problems with instant ink connectivity. I went to HP Smart virtual assistant and after exhausting the virtual tree a live person joined me (4:17pm PST) online saying his name was Sean Patrick. He asked if I had time to solve the problem and said he needed to use Logmein Rescue and gave me the c...

issue with connecting to sessions using the ... - GoTo Community

Can you try having the end user enter the pin on beta.logmein123.com which contains a version of the applet with the fix? The scheduled release for this is next week, but please let us know if the beta works or not.
