I can't get 123.hp.com to work so I can use my new printer

I just purchased an HP DeskJet 2852e and tried to use 123.hp.com and got nothing. So how do I get to use this computer?

HP Representative tried to sell me software

In any case, the "error" message prevented me from installing the printer. I am usually extremely alert to scams, but this one sucked me in. During the entire exchange, in addition, I constantly pressed the "representative" to ask if this was a scam and whether HP actually sold this software. He assured me many times that he was from HP.
