Why are the subtitles on Sky News flickering? | Sky Community

Sub titles on Sky News are flickering on and off and are completely unreadable. Sub titles on other channels are perfectly displayed.

Answered: No sound on sky news on Samsung tv | Sky Community

Yesterday the sound stopped on sky news, I watch it on my Samsung tv through channel 4551. Sound is working on all other channels I've just checked the Samsung TV+ stream of Sky News on my Samsung TV and it's the same - no audio whatsoever. You can always watch Sky News live on YouTube for free in the meantime whilst we wait for Samsung to fix it.

Sky News App (not live streaming) Excessive Ads.

Dear Sky, As you will notice. The Sky news app is bombarding people with excessive ads. Actually the functionality of the app is overruled by these ads. When people are on the go and want to dip in fast, they don't want to endure an ad every time they want to view a news video. Previously I followed your suggestion to feed this information to apps@sky.com This still continues after doing this ...

Received a brand new Sky Stream system yesterday which we set up as per instructions - this included updating some apps as they were not at the latest level it said during the installation

process.. However, we can get NO SUBTITLES displayed (on live TV or recordings) despite having used Settings ...

Re: Sky Arts disappeared from free to air (2025)

I've been watching Sky Arts free to air over standard aerial but it disappeared yesterday (5th March 2025) - I've rescanned channels both yesterday and today but it has disappeared (looks like Sky News and Sky Mix have also gone).

Answered: Reducing repeat adverts between items on sky news ... | Sky ...

I enjoy Sky news and sports on my iPad but have to endure adverts between each news item; often the advert is the same. I must have seen the Apple Watch advert 20 times in the last couple of days; it's to much!! Can i remove or skip these adverts?

sky news on freesat

Over the past few days, I've had very odd issues with Sky News reception on Freesat. First of all it disappeared from my channel list; then I found it again, but the HD version announced it was now coded. Fortunately the SD version did work. Today, I managed all of 5 seconds of Sky News before it ...
