philosophy of mathematics - How can zero exist if zero is nothing ...

I understand why it has to exist, but how can zero exist, if zero is nothing, then nothing is something which means that zero can't exist, I have seen similar questions but I still don't get it, he

nothingness - Does something necessarily come from nothing ...

Throughout the history of time, it has been almost everyone's intuition that something cannot come from nothing. That intuition is so strong that many can't even imagine this to be false. But would...

How can something come from nothing? - Philosophy Stack Exchange

The question should be 'How can something come out of nothing' not 'Why cannot something come out of nothing'. Stephen Hawking has recently argued as to how the universe can come out of nothing, but to my mind his argument is rather circular and it's not provable.

If nothing is preventing something from existing, must it exist?

There is nothing to prevent me from creating a possible likeness of Bertrand Russell by carving a turnip- that does not mean that I must create it. Indeed, were that not the case, my house would be full of carvings and other objet d'art nothing is preventing me from creating.

metaphysics - Can we imagine "nothing" or can we only conceive a ...

Nothing! -- Yeah, well, but that's not absolute nothingness, isn't it? Philosophical discourse about "nothing" always seems to dissolve into something like the Monty Python sketch of the Norwegian Blue, the poor demised parrot, the stiff that has "joined the invisible choir". Sigmund Freud believed that we cannot "imagine" our own death.

Why is there something instead of nothing? - Philosophy Stack Exchange

'Nothing' might be a result of 'something'. There was always 'something' but this 'something' is not always the same. Sometimes it changes into 'something' else. This means that the 'something else' is proceeded by its own nothingness You can project this little theory on to our own brain: The

concept of 'nothingness' which is fabricated by the brain is nothing more than a result of the fact ...

There is nothing good or bad, but thinking makes it so. Are these words of Shakespeare, inspired by Marcus Aurelius, true? Ask Question Asked 2 years, 1 month ago Modified 2 years ago

Is there a philosophy which argues that nothing exists?

Is or was there a philosophy which examines a hypothesis that in fact nothing "exists" except maybe questions? I know there are philosophies that state that reality is a simulation etc. but I mean...

Nothingness cannot be. Does that imply something must be?

If nothing existed, for example as an empty set, then something would exist, the empty set, in any possible way that can be. If something exist we cannot say that nothing exists.

A Theory That Explains Everything Explains Nothing

The title of the question - A Theory That Explains Everything Explains Nothing - is said to be a quotation attributed to philosopher of science Karl Popper, but there's no consensus on whether he
