Outlook Preview for multiple email addresses - Microsoft Community

Outlook Preview for multiple email addresses I have two email addresses on my outlook. I was wondering if it is possible to have a preview window for both inboxes displayed at the same time. For example have email 1 preview along the top and then email 2 preview along the bottom. Hopefully that makes sense

Will reinstall window too many time damage hardware

Other than normal wear and tear you're not going to do any damage to the hardware by reinstalling. Leave the recovery partition alone. It doesn't need to be defragged. In fact, defragging in general is overrated and doesn't help much of anything except in some cases where very large files are concerned.
