## Pictures won't upload - Google Photos Community

One of the most common reasons for Google Photos stuck on preparing backup is a bad or unstable network. Therefore, before making any drastic changes on your device, just go to its Settings > WiFi and connect to a network with a stable connection.

## Scan your photos - Google Help

Do not tilt your phone while scanning. To better frame your photo, place the photo on a flat surface with a contrasting background. Avoid scanning on carpet. To scan vertical photos, hold your phone vertically. To scan horizontal photos, hold your phone horizontally. To help remove residual glare, shadows and get better images, make sure flash is turned on. If there's too much glare, move to a ...

## Google Photos Help
