Armor carrier vs Plate Carrier, what and why? pros and cons > Tactical ...

So yes, again ive been kicking around the idea of a Armor carrier or Plate carrier. Curious to see why the owners of each chose what they did, and the pros and cons of each. Hoping this will be simply an open discussion in comparing and contrasting both types of items, and their concepts. Thanks guys

Pros and cons of 223 Wylde > AR Discussions > AR15.COM

There are only pros and no cons to a Wylde chamber in an AR15 barrel. Except maybe needed to clean the chamber at some shorter interval than a 5.56 chamber... and that interval is really long. Full auto? Don't know, but I'd want the looser 5.56 chamber.

Pros/cons of pinning & welding a suppressor? - AR15.COM

I see no "Pros" to doing it whatsoever. If you're doing-it just to be legal based-upon this current ATF edict (that's going-to-be overturned) then how do you intend to maintenance the can over time? What happens if you get a baffle strike? What happens when you burnout the can?

Do I want a Beretta PX4? What are the pros and cons? - AR15.COM

Pros: Sweet shooter with very manageable recoil and plenty of aftermarket support. Cons: As others have mentioned, fairly slick grip frame and it's a tiny bit big for what it is. I will be stippling mine when I return home from overseas, so the slickness of the grip frame will no longer be a problem.

how many of you guys are into the 327 federal mag? pros and cons ...

You can fit six instead of five in a small frame cylinder. It can be a loud blast but not bad on the recoil factor. It directly competes with not going anywhere .357 and .38 cartridges. I have a thing for .32 size stuff but medium .38 target loads are plenty fun too. [ARCHIVED THREAD] - how many of you guys are into the 327 federal mag? pros ...

Pros and cons for different FRT's and SS options - AR15.COM

We have a few threads on various forced reset triggers designs and super safties. I have been messing around with Atrius FRT's and a couple steel super saftie kits. Each FRT has it's own quirks and some are better than others in different applications. I thought a thread that summarized the different options and best applications would be useful for folks looking to add a device to a gun or build a ...

Opinions on 4 different 12.5" barrel brands, pros & cons please.

I have narrowed down the barrels to the following options and would like your opinion and possible pros and cons. Other barrel options are welcomed! *Faxon Duty Series 12.5" Gunner, Mid-Length, 4150 QPQ Nitride 556 *Rosco K9 12.5? Sage Dynamics, Gunner Gas length (in between carbine and mid-length) *Criterion Barrels AR-15 CORE SERIES 12.5 ...
