The Stuff They Left Behind: From the Days of Ancient Egypt sample

This building was constructed in the center of the ancient city of Ur, dedicated to the god they worshiped there, Nanna. This style of ancient temple is called a ziggurat. The original structure would have had additional smaller levels stacked on top of this one. Look closely at the construction of this temple. Can you determine how many steps a person had to climb to reach that first level ...

by Robert J. Morgan Author (From Amazon): Rob Morgan's inimitable style will help people reacquaint themselves with the hymns of the faithful. His goal is to keep these traditional hymns vital and meaningful to all generations. Don't look for a dry recounting of boring stories. These devotional-style stories show the emotion and drama behind the hymns of faith that have changed many lives ...

Discovering Design with Biology - Simply Charlotte Mason

Product Description Discovering Design with Biology is our recommended science course for students in Grade 9. This conversational Biology textbook is written from a Biblical worldview. It's interesting and approachable, but also thorough and appropriately challenging for a high school level. Your purchase includes a detailed school year schedule for using this course with the Charlotte ...
