Urban Regeneration - UN-Habitat

Urban regeneration requires a diversity of approaches, such as redevelopment of brownfields, densification and intensification strategies, the diversification of economic activities, heritage preservation and reuse, public space reactivation and strengthening of service delivery. Flagship Programme 'Inclusive Communities - Thriving Cities'

Urban Regeneration for Localizing the Sustainable Development Goals

Urban regeneration is not always a reactive response to changing conditions; it can also be a proactive effort aimed at preventing emerging urban issues.²² Notably, the new urban regeneration model transcends the previous efforts in urban revitalization (1960s), urban renewal (1970s), and urban redevelopment (1980s).

Guidelines for the Redevelopment of Central Ger area | UN-Habitat

This Guideline is one of three Urban Development Guidelines that seek to respond to overlying issues in each of the Ger areas in Ulaanbaatar, integrating lessons learnt from past interventions and initiatives, and providing a support framework for dealing with the current challenges of urban development.

Urban Regeneration in the context of UN-Habitat's Flagship Programme ...

Urban revitalisation⁵, widely implemented in the 1960s, focused on addressing urban decay, especially in brownfield sites, often through demolition, redevelopment, and rehabilitation. In the 1970s, urban renewal⁶ became a key strategy to address physical decay of urban areas, with emphasis on deteriorating infrastructure and housing.

Guidelines for the Redevelopment of Central Ger Areas

Redevelopment projects include the following activities: The rehabilitation or restoration of older or under-utilized buildings for immediate reuse to support other needs of the community/ persons with interests in the area (including small businesses). The acquisition and demolition of structures in poor physical conditions.

Gauteng Spatial Development Framework 2030 | WUF

Gauteng Spatial Development Framework 2030 created a roadmap to and coordinate development spending to ensure rapid, sustainable and inclusive provincial economic growth and township redevelopment, spearheading decisive spatial transformation.

Towards Mogadishu Spatial Strategic Plan | UN-Habitat

Mogadishu, Somali's capital city is one of the fastest growing cities in the world. It is currently experiencing an unprecedented rate of urbanization, often driven by relative peace, recurrent draught and floods, IDP influx and returnees from neighbouring countries and beyond. The city is on its way to re-establish a functioning government that provides for services to all of its residents ...

Gambia: Kanifing Urban Profile - UN-Habitat

The urban profiling in Kanifing Municipal Council (KMC) consists of an accelerated, action-oriented assessment of urban conditions, focusing on priority needs, capacity gaps, and existing institutional responses at local and national levels. The purpose of the study is to develop urban poverty reduction policies at local, national and regional levels, through an assessment of needs and ...

Urbanization in Cameroon: Building inclusive & sustainable cities

UN-Habitat is present in Cameroon and enjoys a long-standing, strong partnership with the Government of Cameroon with interventions in several areas of urban planning. UN-Habitat programme in Cameroon focuses on the implementation of a strategic plan involving urban legislation, Urban Governance, National Urban Policy, Urban Rural Linkages, Participatory Slum Upgrading Programme (PSUP), Public ...
