Is there a difference between sex vs “smut”? : r/RomanceBooks - Reddit

And that is- what exactly is smut? I know people use the word smut to mean sex/sexual encounters, but if I request a book with sex in it vs requesting smut is there a difference? Does smut cover more of a wide range than just asking for books that have sex in them? Or is it just a personal preference as to if people want to say sex or smut?

How to write smut [a little helpful guide by me] : r/FanFiction - Reddit

I like the challenge of seeing how sexy/smutfy I can make a scene without actually being explicit. You can get some really interesting tension when you write about desire rather than just focusing on the sex. If I'm not writing smut that way, all sex scenes tend to feel the same to me and are boring to write.
