i had installed ALIENWARE theme pack in my windows 7 laptop , now wen i have uninstalled it and deleted all related files ; i still get startup as alienware saying STARTING ALIENWARE. though soon

## **Windows 10 desk top slide show - Microsoft Community**

Hi, I really like the city-scapes that come with the Windows 10 OS; however, I would like to adjust the slide show to only show the pictures that I want. As a long time user of W-XP then W7 (with the

## **Dark title bar text with a dark theme. - Microsoft Community**

You can hardly see the title bar text for this window because the text color doesn't change to a lighter color if you choose a dark theme. So I'm stuck using a light theme, and the dark theme looks so good.

## **Windows Login screen theme suggested pictures - Microsoft Community**

Up to recently, when I powered 'ON' my home pc and it opened the Windows 10 log in screen, I would see every several days changing landscape theme pictures. Before opening the Windows password field I

## **wifi icon missing in windows 10 - Microsoft Community**

Hello, Thank you for posting the query on Microsoft Community. Sorry to hear that you are not getting a Wi-Fi icon in Windows 10. Not to worry, I am here to help you with this issue. I would like to inform you that this issue may occur either due to corrupt network drivers or incorrect network settings. I suggest you to try following methods and check if it helps. Method 1: Run network adapter ...
