Gamestop Pivoting to Trading Cards - CEO "Our Future Isn't in ... - NeoGAF

GameStop is leaning heavily to trading cards as part of it's future strategy, according to CEO Ryan Cohen. The news comes as a part of larger strategy shift to buy and hold a lot of bitcoin. Cohen has said that continuing to focus on trading cards, including the incredibly popular recent Pokémon card sets, is a "natural extension" of GameStop's business. He added that the collectibles could ...

Gamestop Trade-Ins for Switch 2: \$175 for Switch 1 OLED, \$125 for ...

This. \$125 is a rip-off for a v1 Switch. Not that I ever trade-in my consoles anyway. I'm going to move my OG Switch dock to the living room and try to force myself to get back into RingFit Adventure to rage against the damage that middle age is doing to my health.

NBA 2K26 is on sale for \$30 at GameStop for Black Friday - NeoGAF

NBA 2K26 is on sale for \$30 at GameStop for Black Friday

GameStop: PS5 cash trade-in value \$300/\$330 (digital) \$325/\$357 (disc ...

The higher value is the Pro value (\$25 membership required). Didn't think I'd ever step into a Game Stop again but I guess I will, one last time, since my PS5 has been collecting dust I thought I might as well get ~\$300 cash out of it while I can. Since they are offering cash/Master card...

In the year 2022, GameStop still sells opened games as "new"

I feel bad for people that work there but GameStop has been horrible for the gaming community and collectors. If they treated games and people that collected seriously, they could transition into a retro shop. You're talking about the same shop that literally throws away Nintendo DS, 3DS and PSP cases to save space though.

Rumor - GameStop leaks second playable character in RE9

Gonna call BS on this. Requiem is set in 2028, Rose is only 7 years old at this point in the franchise. GameStop don't know what they're talking about. So...time travel plot point incoming? Adult Rose comes back to save young Rose?

GameStop declares the end of the console wars | Page 5 | NeoGAF

GameStop as usual is wrong. The console wars started long before the 6th generation. As much as I hate to give GameStop any credit at all. PlayStation vs Xbox was the last real console rivalry so the last real war so everyone posting stuff like this is missing the point more then GameStop would be.

Anyone camping at gamestop for switch 2 preorder?? | NeoGAF

Most reports (where Gamestop is hanging signs on their doors showing how many of each they'll have available) show that they'll have twice as many bundles are console-only units. Interesting. May try for the bundle then.

Gamestop - Nintendo Switch Mario Kart World bundle ending ... - NeoGAF

Originally leaked from an internal memo, now officially confirmed by Gamestop It's not clear if Nintendo intends to replace this bundle with another game or simply sell Switch 2 unbundled Also not clear if this is US only or worldwide edit: Title should say Switch 2, can a mod fix that? Thanks

GameStop gave me the wrong game. Has this happened to anyone else ...

Still though, my local GameStop couldn't switch out for the right game, even if they had a copy of the disc, I had to drive back out to the mall about thirty minutes away to switch the disc out. The employee who gave me the wrong game was done, but according to the employees who were there that employee constantly does that.
