Concordat - Wikipedia

The post-World War I era saw the greatest proliferation of concordats in history. [1] Although for a time after the Second Vatican Council, which ended in 1965, the term 'concordat' was dropped, it reappeared with the Polish Concordat of 1993 and the Portuguese Concordat of 2004.

Concordat | Church-State Relations, Papal Authority, Papal Supremacy ...

The earliest concordats were associated with the investiture controversy that profoundly agitated Christian Europe in the 11th and 12th centuries; the most important was the Concordat of Worms (1122) between Pope Calixtus II and Emperor Henry V.

CONCORDAT Definition & Meaning - Merriam-Webster

The meaning of CONCORDAT is compact, covenant; specifically : an agreement between a pope and a sovereign or government for the regulation of ecclesiastical matters.

What Is a Concordat and Its Legal Standing? - LegalClarity

A concordat is a formal agreement between the Holy See, the universal government of the Catholic Church, and a sovereign state. These agreements define and regulate the relationship between the Catholic Church and the state within a particular territory.

CATHOLIC ENCYCLOPEDIA: Concordat - NEW ADVENT

Matter or object of a concordat The matter, or the objects, treated of in a concordat may be spiritual, mixed, or temporal. Spiritual matters are those that belong purely to the spiritual order, or are connected with it: for example, matters pertaining to the liturgy.

Dictionary : CONCORDAT | Catholic Culture

CONCORDAT An official agreement between the Pope, in his spiritual capacity as visible head of the Catholic Church, and the temporal authority of a state.

What is concordat? Simple Definition & Meaning - LSD.Law

A concordat is a formal agreement or treaty, most commonly established between a national government and the Holy See (the central governing body of the Roman Catholic Church).

Concordat - Biblical Cyclopedia

The Frankfort demands, and the bulls of Eugene IV, by which they are ratified, are together called the Frankfort Concordats, or the Concordat of Princes. The chief basis of these concordats was the series of reformatory decrees which had been adopted by the Council of Basle.

concordat - Wiktionary, the free dictionary

concordat (plural concordats) A formal agreement between two parties, especially between a church and a state; specifically, an agreement between the Pope and a government.

Oxford Public International Law: Concordats

A concordat is a bilateral treaty stipulated between the Holy See and a State to regulate subjects relating to the organization and activities of the Roman Catholic Church ('Church') inside that State.
