I got a package coming from ECMS but says it's ... - Reddit

Click on the tracking number on ecms website? I can't click it. Yes. I just ordered a pair of Travis. You will get another tracking from USPS. For faster update with the new tracking contact goat. That website update slow. We probably had our shipments on the same flight LOL!

Received a random package that we did not order, it had our ...

We just received a package via USPS that is a random, small, blue blanket. We did not order this item but somehow my wife and I's correct name is on the destination. The return address is listed as "Only for Return" and the address line has "Not Seller Address" in parentheses.

Can someone who works at USPS explain to me what the hell is ...

USPS doesn't have it yet. Likely shipped with UPS or FedEx via "SmartPost". They deliver it to the post office eventually, and at some point the post office will bother delivering it to you. Literally the slowest way to ship something domestically.

Postal Terms - [About.usps.com](https://about.usps.com)

Postcard applications, ballots, voting instructions, and envelopes sent through the mail without postage prepayment.

Well I guess I'm getting something? And have you ever gotten ...

They have deals that let sellers buy shipping labels through their service so it's not likely to be coming from stamps.com but from a company that bought their labels via them. The labels will be USPS/UPS etc labels but will say stamps.com on them also due to purchase origins.
