Learn search tips & how results relate to your search on Google ...

Search couldn't accurately determine the language of the web page, particularly if it uses multiple languages. A related word is actually unrelated in the context of your particular search. Give feedback on "About this result" You can tell us what's helpful or report a problem. This helps us improve Google Search for everyone.

Google returns results in a wrong language

- Disable automatic language additions in your Google account settings. - Keep Ukrainian as the primary language for searches. - If the issue persists, report it to Google for an IP address update. If Russian results continue to appear, you may explore alternative search engines like Bing or DuckDuckGo.
