anyone could link it? My test is tomorrow and im fairly...

MCQ practice for AP physics 1 : r/apphysics - Reddit

Here is a link to lots of practice multiple choice created by a teacher, Michael Friedman (not by me).
He has also provided the answers and explanations. If your teacher uses AP classroom, you could
also try the progress checks at the end of each unit (if your teacher assigns them), or a practice test
on there as well (if your teacher assigns it to you).
